

DOMINION CHRISTIAN SCHOOL

New K-12 North Campus Opening Fall 2023

Dominion Christian School, a 27-year-old K-12 college-preparatory classical school in Northern Virginia, is launching a new North Campus at 1545 Dranesville Road; Herndon, VA 20170 in preparation for Fall 2023.

Classical schools are experiencing explosive growth nationally. They emphasize discussion of important ideas that formed the fabric of our civilization, and they favor a rich curriculum of primary texts ("Great Books") over textbooks, allowing students to encounter a first-hand, unfiltered chronological account of history, literature, theology, math, science, and the arts. Classical Christian schools also seek to instill a love of God and His creation by developing a love of learning and encouraging the pursuit of a virtuous life. Classical schools also teach courses such as Latin, Logic, and Rhetoric, which help produce clear thinking, winsomeness, and wisdom in graduates.

With a projected fall enrollment of 340 students, Dominion will consolidate two of its campuses and expand enrollment capacity in an effort to meet the demands for its offerings. The existing campus in Oakton, Virginia will continue to operate and serve grades K-6 indefinitely, but because the North Campus increases Dominion's enrollment capacity, existing Oakton families may transfer to the new facility. As such, limited space may be available on both campuses for the fall of 2023. Please visit our website at www.dominionschool.com or email admissions@dominionschool.com to learn more about Dominion.

DOMINION CHRISTIAN SCHOOL
